

1994 – 95 annual Report

S. N.	Author(s)	Title	Name of the Journal	References
1.	Singh V K, Prasad M and Dhar B B.	Stability Analysis of an Openpit by Numerical Modelling	Journal of Mines, Metals & Fuels, Calcutta	Vol. XLII No. 3 & 4 March – April 1994
2.	Singh JK B, Jethwa J L and Dhar B B	Koyla Khadano me Paryavaran Byabastha	CSIR Samachar	April 1994
3.	Prasad M and Singh U K			Vol. 15 No. 3 May – June 1994
4.	Dhar B B and Banerjee B D	Methane Contents in Indian Coal Beds and its prospects for Commercial Use	CMRI Publication Dhanbad	July 1994
5.	Maity S N, Prasad S and Prasad M	An Empirical Approach Towards Indication of Major Roof Falls in Board and Pillar Depillaring Panels through Extensive Strata Control Investigations	Journal of Mines, Metals and Fuels, Calcutta	Vol. XLII No. 8 & 9 Aug. – Sep. 1994
6.	Singh U K and Rao D G	Evaluation of Shaft Pillar Stability Using Numerical Modelling Methods – A Case Study	- Do-	- Do-
7.	Chaira B B	Production and Size Distribution of Dust Produced in Coal Mines during Winning of Coal	Indian Mining and Engineering Journal Bhubaneswer	Vol. 33 No. September 1994
8.	Prasad B and Singh G	Application of Activated Carbon for Treatment of Waste Water with Special Emphasis on Coke-oven Effluents	Indian Journal of Environment Protection, Varanasi	14(9) September 1994
9.	Thakur D N, Saroj K K, Gupta A, Arya P K and Mehta K D	Bioleaching of Basic Sphalerite Tailings	Metallurgy and Material Science	Vol. 75, September 1994
10.	Banerjee B D, Sarkar s K and Shad J A	Investigation into Genesis of Carbon Monoxide in XIV Seam Coal at a Colliery of BCCL	Transactions of MGMI	Vol. 91 No. 1 1994
11.	Chaulya S K Sinha a and Dhar B B	Application of Numerical Modelling in coal Mines An Overview	Minetech, Ranchi	Vol. 15, No. 1, 1994
12.	Ghosh S K, Chaulya S K and Dhar B B	Gamut of Rock Mechanics Field Instrumentation in Subsurface Mine Excavations for Ground Stability Studies Under Static Loadings	-Do-	Vol. 15, No. 4, 1994
13.	Chaulya S K	Restoration of Open Cast Coal Mine Land	Indian Journal of Engineers	Vol. 23, No. 4 & 5, 1994
14.	Ghosh A K, Prasad S and Ghosh C N	Stability Analysis of Cemented Backfill Column in VRM Stopes	Journal of Mining Research CMRI	Vol. 2, No. 2, 1994

		during Tertiary Extraction of Stope Pillars in Rajpura Dariba Mine	Dhanbad	
15.	Singh S K, Singh K. B. and Sheorey P R	Exploitation of Coal Seams for Complete Subsidence Control	Minetech Ranchi	Vol. 15, No. 4, 1994
16.	Kushwaha A, Singh V K and Singh T N	State of Stress in and around the Wide Stall Mining, Geotechnical and Geological Engineering	Journal of Mining Research	1994
17.	Kushwaha A, Singh V K, Singh J K, Singh R and Singh T N	Numerical Modelling for wide Stall Mining	-Do-	-Do-
18.	Goel R K, Jethwa J L and Paithankar A G	Predication of Ground Condition for Tunnelling – An Easy to use Approach	I M & E J	January 1995
19.	Das T K and Singh T N	Hydraulic Mining at Gopalichak Colliery of Jharia Coalfield	Journal of Mines, Metals & Flues Calcutta	Vol. XLIII No. 1 & 2, Jan – Feb 1995
20.	Thakur D N, Saroj K K and Gupta A	Biological Treatment of Arsenopyrite Tailings and its Effect on Cyanide Leaching of Gold	Mineral Processing and Extractive Metallurgy Review	1995
21.	Gupta P K and Prasad M	Hydrogeological Study of Underground coal Working and its Surrounding in Umrar River Basin	Indian Mining and Engineering Journal	

Abroad

1.	Chakraborty A K, Jethwa J L and Paithankar A G.	Effects of Joint Orientation and Rock Mass Quality on Tunnel Blasting	Engineering Geology, Elsevier Science, Natherlands	Vol. 37 1994
2.	Chakraborty A K, Jethwa J L and Paithankar A G	Assessing the Effects of Joint Orientation and Rock mass Quality on Tunnel Blasting	Tunnelling and Underground Space Technology, U. K.	Vol. 9, No. 4, 1994
3.	Chakraborty A K and Jethwa J L	Tunnel Blasting Techniques in Difficult Ground Conditions	Geotechnic and Geol. Engg.	No. 12, 1994
4.	Singh R S	Changes in Soil Nutrients Following Burning of Dry Tropical Savanna	International Journal of Wild Land Fire, USA	4(3) 1994
5.	Tewary R K and Dhar B B	Effect of Coal Mining and Coal Based Industrial Activities on Water Quality of the River Damodar with Special Reference to Heavy Metals	Int. J. of Surface Mining Reclamation Environment	8 (1994)
6.	Kumar V, Prasad G M and Chandra D	Bulk Modulus of Ternary Chalcopyrite Semiconductors	Physica Status Solida, F. R. Germany	Vol. 186, No. 2, December 1994

7.	Banerjee B D, Singh A K Kispotta J and Dhar B B	Trends of Methane Emmission to the Atmosphere from Indian Coal Mining	Atmosphere Environment, U K	Vol. 28, No. 7 1994
8.	Banerjee B D, Singh A K and Garg P C	Modelling Inflow of Methane from coal Seams into Longwall Workings	International Journal of Rock Mechanism, Mining Science and Geomechanical Abstracts, U K	Vol. 31, No. 1, 1994
9.	Singh V K, Baliga B D and Dhar B B	A Statistical Method to Study the Variability in Strength Parameters in an Open Pit	International J. Engg. Geol. Elsevier, Amsterdam	Vol. 38 1994
10.	Singh V K and Dhar B B	Stability analysis of open Pit Copper Mine by Use of Numerical Modelling	Trans. Of Inst. Of Min. and Met, Section A, Mining Industry, U K	Vol. 103 1994
11.	Singh V K and Baliga BD	Slope Design of an Open Pit Copper Mine	Int. J. Rock Mech. Min. Sci. & Geomech. Abstracts U K	Vol. 31, No. 1, 1994
12.	Singh K B, Singh T N, Singh D P and Jethwa J L	Effect of Discontinuities on Strata Movement Problems in Collieries – A Review	Int. J. of Geotech & Geol. Engg. U K	Vol. 12, 1994
13.	Kushwaha A and Singh T N	Evaluation of Shield Performance and Recovery Level During Sublevel and Integral Caving – A Case Study	Int. Jr. of Coal Technology, Colliery Guardian U K	1994
14.	Singh MM, Singh RB, PalRoy P, Bagchi A and Dhar BB	An Approach to Improve Blasting Efficiency in An Iron Mine	Int. Jl. Of Surf. Min. Reclamation and Environment	8, 1994
15.	Singh PK, PalRoy P and Singh RB	Ground Vibration Assessment Under Varying Circumstances in a Lime Stone Quarry in India	-Do-	-Do-
16.	Goel R K, Jethwa J L and Paithankar A G	Tunnelling Through the Young Himalayas – A Case History of the Maneri – Uttarkashi Power Tunnel	Engineering Geology, Netherlands	January 1995
17.	Singh Bhawani, Jethwa J L and Dube A K	A Classification System for Support Pressure in Tunnels and Caverns	Journal of Rock Mechanics and Tunnelling Technology	Vol. 1, No. 1, 1995
18.	Pal Roy P	Breakage Assessment Through Cluster Analysis of Joint Set Orientation of Exposed Benches of Opencast Mines	Geotechnical and Geological Engg. Chapman & Hall, U K	Vol. 13, 1995
